Anti-cut item details

The kerb protection / anti-cut items used on the special stages will be as per normal public road signage, a red and white diagonal obstacle detour sign will be placed in situ.

Chicane construction

The chicanes are constructed from car tyres, which are bolted together. Any event that results in the tyres moving from their original position and require resetting will result in a penalty according to the rules.

Special Stage marking

The special stages are marked as following:

- Anti-cut items: white arrow
- Leg 1 special stage control points, chicanes: fluorescent orange
- Leg 2 special stage control points, chicanes: fluorescent green
- Test control points: white
